

STTR FY01 PH I By Topic

TOPIC	COMPANY	TITLE
ARMY01-T001	TDA Research, Inc.	Breathable Butyl Rubber for Chemical Agent Protection
ARMY01-T001	Ventana Research	Breathable Clothing Material for Chemical Agent Protection for the Soldier
ARMY01-T002	Moset Corporation	Ultraviolet/Infrared Detectors for Active Protection
ARMY01-T002	Sensor Electronic Technology, Inc.	AllInGaN-based Dual Ultraviolet/Infrared Detectors
ARMY01-T002	Space Photonics, Inc.	A Monolithic Uncooled Ultraviolet/Infrared Detector Array Capability
ARMY01-T003	Agave BioSystems, Inc.	Phage Array Biosensor for Detection of Biowarfare Agents
ARMY01-T004	Lite Cycles, Inc.	Fundamental Studies of Self-Induced Waveguides in the Atmosphere at Various Wavelengths and Pulse Durations
ARMY01-T004	Time Domain Corporation	Remote Sensing and Directed Energy Applications of Femtosecond, Terawatt Lasers.
ARMY01-T005	G-ceptor Sciences	Overexpression of Phosphotriesterase, a Metallo-Organophosphorous Hydrolase by a Novel and Versatile Protein Expression System
ARMY01-T005	GlycoFi	Recombinant protein production in high cell density fermentation of R.eutropha using T7 polymerase system
ARMY01-T005	Integrated Genomics, Inc.	Bioengineered Proteins for Chemical/Biological Defense, Protection, and Decontamination
ARMY01-T005	TransWestTech	Bioengineered Proteins for Chemical/Biological Defense, Protection, and Decontamination
ARMY01-T006	NEWTEC Remediation Services, Inc.	Multiband Fluorescence Imaging for Wide Area Detection of Land Mines, Unexploded Ordnances, and Other Contaminants
ARMY01-T006	Nomadics, Inc.	A Multiband Wide Area Fluorescence Detection System
ARMY01-T007	Immersion Medical, Inc.	Telemedicine and Advanced Medical Technology - Medical/Surgical, Mission Support Modeling, and Simulation
ARMY01-T008	Knowledge Analysis Technologies, LL	Command Performance: New Technology for Assessing Direct Leadership Abilities
ARMY01-T008	Psychological Systems and Research	Novel Assessment Tools for Empirical Determinants of Direct Leadership
ARMY01-T008	Solus Biodefense	Novel Assessment Tools for Empirical Determinants of Direct Leadership
ARMY01-T009	EMAG Technologies, Inc.	An Electro-optic Near-field and Thermal Mapping System for Microwave and Millimeter-wave Circuits and Antennas
